

REMARKS

The Examiner has identified an inconsistency between the drawings and the Brief Description of the Drawings in the specification of the present application. An amendment to the specification is offered herein to remove "FIGs. 3A and 3B illustrate" from the Brief Description and insert "FIG. 3 illustrates" to be consistent with the drawings and remainder of the specification text.

The application is now believed to be in condition for issue. If additional information is required, please contact the undersigned as attorney of record.

Respectfully submitted,
